

Serious about WPI? Why wait?

There's a lot that goes into the college application process—you know that better than anyone—and the amount of schools, programs, and options can be overwhelming, but sometimes you just know when you've found the right place.

If you're sure that WPI is yours, Early Decision may be for you.

Applying Early Decision means that, if accepted, you'll withdraw any applications you may have sent to other colleges, not submit any new ones, and enroll at WPI.

WPI offers two Early Decision deadlines, November 1 and January 5.

Early Decision is a big commitment to make to WPI—we're just as excited about you as you are about us. That's why every student admitted under an Early Decision application plan will be offered a minimum merit-based scholarship of \$20,000 per academic year.

That means less worrying about finances and deadlines, and more time to enjoy the rest of your senior year. You'll also have the option to take a free WPI course the summer before you arrive on campus, making you all the more prepared to join The Herd.

If you can't wait to hit send on your application, we can't wait to hear from you.

Visit wpi.edu/+apply for more information to get started or to get in touch with the Admissions Office at 508-831-5286 or admissions@wpi.edu with any questions.

Why Wait?

Reasons to Apply Early Decision

1. Because STEM is your thing, but not your *only* thing.
2. Because you can't wait to join WPI's class of 2029. Start early with a **FREE** summer class before you even get to campus.*
3. Because you'll get your financial aid award (including a guaranteed **\$20,000 scholarship**) as soon as possible.
4. Because you want (and deserve!) more time to relax and enjoy your senior year.
5. Because you love WPI and know it's the place for you!

*Class must be taken during E2 Summer Term, July 7-August 8, 2025.
